Summer program funds now available

Organizations interested in sponsoring activities for young people this summer have until Thursday, March 15, to apply for Summer Program funds through United Community Services of Metropolitan Detroit (UCS).

Annually, for the past 17 years, the UCS-operated Summer Program has received a special grant from United Foundation to help a wide variety of neighborhood-based organizations provide constructive programs for children and youth, ages 6-8.

Activities have included field trips, arts and crafts, tutoring as well as

other projects to help youngsters develop career awareness and social responsibility.

UCS is encouraging block clubs, church groups, parent associations and service clubs throughout the tri-county area to submit applications to obtain Summer Program funds.

All applications will be reviewed by volunteers for eligibility and program criteria.

Applications are now available at the UCS office at 2508 Southfield Road, Suite 202, Southfield.

Something To Think About

BOB ROCK

EXPRESSIONS OF SYMPATHY

Many people desire to express their sympathy by sending flowers or some other memorial in addition to extending their condolences in person. Others do this because they cannot attend either the visitation or the service.

For the most part, those who wish to demonstrate their feelings should be able to do so, in the way they prefer and which is most natural for them. Flowers, for example, have a message all their own - one which is universal. They also add beauty to the casket setting and to the funeral service.

While it is considered proper for the family to suggest a certain memorial (such as a donation to a particular charity), this should not be done in such a manner as to exclude alternate expressions of sympathy. It should also be presented in such a way as not to be construed as a tangible solicitation of sympathy. The funeral director can advise on these and similar matters.

Jewelry Gittings

by Allen DuQuet

Hindu priests once wore pearl amulets with 27 pearls. Three was a holy number and 27 is 3 times 3 times 3, so it is an especially sacred number. The pearls also had religious significance of their own.

We can make up a necklace or bracelet with any number of pearls you wish, or perhaps you'd prefer a pin or earrings. Start the New Year right ... with jewelry!
