

Cheaper Schools

Continued from Page 1A

Speed of construction becomes almost as pressing a demand as economy because classrooms must be completed at a rate fast enough to keep pace with the population.

Construction delays caused by strikes have harassed the district in recent years, as evidenced by use of portable classrooms and delay in opening auditoriums at both high schools.

Presently, the district is concerned the new Harrison High School may not be ready by fall because of the current strike by electricians.

AFTER APPROVING preliminary plans, the board took the first steps to get state approval for sale of \$4 million bonds to finance the elementary additions plus a fifth junior high.

In November 1967, Farmington voters approved a \$9 million bond issue. Of that issue, \$5 million has already been or is being spent for swimming pools, auditoriums, Harrison High and Wood Creek Elementary.

The remaining \$4 million will finance additions to Shawlessee, Larkshire and Longacre elementary, a fifth junior high and many other minor additions.

Monday night, the board voted to get the bonds qualified and seek permission from the Municipal Finance Commission (MFC) to sell the bonds.

WILLIAM PRISK, business manager, said the necessary resolutions will be drawn up by the next board meeting on July 27 to apply for MFC approval.

The MFC usually takes 10-12 weeks processing such requests, Prisk explained, which means approval should come in October and the bonds sold in November with the district getting the actual cash by the end of December.

Prisk said the district's financial consultants estimate a favorable bond market in November.

Of the \$4 million issue, \$3 million will be used for the new junior high. The Shawlessee, Larkshire and Longacre work will account for about \$600,000.

County Celebration Features Race

FARMINGTON July 19-25 has been designated Women's Week in the celebration of the Oakland County Sesqui-Centennial. During the week, women's clubs in Oakland County will promote their organizations in the enclosed shopping malls in Oakland County.

Women's Liberation Front, Women for Abortion Reform, Democratic Ladies, Jaycee Auxiliaries, various church groups, garden clubs and Republican women's clubs are a few of the groups who will have displays.

In addition, a ladies soap box grand prix will be held.

Approximately 20 cars sponsored by various women's clubs will participate. The race will be 1 p.m. July on the Oakland County Court House grounds on North Telegraph in Pontiac. The cars will be racing down dirty hill in many shapes, including a baby buggy, a coffin and a gigantic beer can.

The organizations will be competing for donations to their favorite charity plus trophies.
