500 Youngsters See Tiger Game

FARMINGTON
 More than 500 youngsters from the Farmington area were taken to the July 11 Tiger game by the Farmington Area Recreation Commission.

But the cheers of the 448 youngsters from Farmington and 89 from Clarenceville were to no avail as the Tigers lost to Baltimore.

The Farmington group was from the north end of Farmington. Youngsters from the south school sites will have their chance to cheer the Tigers on Saturday, July 25. Buses will load on a first-come, first-serve basis at 10:30 a.m. to 11 a.m. Return time should be about 1 1/2 hours after completion of the game.

A large size lunch is suggested as the day proves to be somewhat long.

TIE FARE Annual Field Day at city park was held July 17. Children competed for prizes donated by local merchants on both an individual and team basis.

Three-legged races, accuracy baseball tosses, sprint races, and horseshoe tosses were a few of the events held in the morning. A baseball tournament with all 10 schools participating made up the afternoon segment.

This does not cover the cost of entertainment on the island. Amusement rides vary in cost from 20 cents to 40 cents. A \$3.50 amusement ride booklet can be purchased for \$3 on the boat. A \$1.50 ticket book can also be purchased for \$1.20.

The children will be on the island approximately 3 1/2 hours. Arrival back from the trip should be about 6:30 p.m. Parents may accompany their children.

built in two stages. The first part was completed in 1846 and the second in 1855. Its interesting feature is the original "keeping room," an old-fashioned living room.

The house sits over a store cellar with hand-hewn timbers held with the original pegs. Narrow stairways throughout this frame house, featured in several of the other homes in the area, add to its historic authenticity.

Besides the homes open for inspection and the buildings and sites shown on the map above, more than 30 other homes are listed on the walking tour.

The Historical Preservation Committee has grouped the historical homes into five periods. Three homes survive from the city's earliest beginnings. The houses at 23025 Farmington Rd., 33430 Shiawassee and 33435 Shiawassee were built in the period 1824-40.

The next time period includes both of the homes open for public inspection. Besides the Leonard and Potter homes,

10 others listed were completed sometime between 1840-60. The other homes from the period are at 33436 Shiawassee, 33629 Shiawassee, 33668 Shiawassee, 34002 Shiawassee, 32910 Grace, 33315 Oakland, 23700 Warner, 23720 Farmington Rd., 23915 Wilmarth and 34017 Grand River.

The group of homes built from 1869 to 1950 includes the former Governor's Mansion of Michigan. The home is at 33805 Grand River. Others built in the same period are at 23911 Grand River, 33803 Shiawassee and 33601 Shiawassee.

Ten homes on the tour were built during the period 1870-1900. They are at 33955 Grand River, 32716 Grand River,

33914 Grand River, 33915 Grand River, 33928 Grand River, 33928 Grand River, 33341 Shiawassee, 33313 Shiawassee, 23609 Warner and 23665 Warner.

The last two homes on the tour were built between 1900 and 1930. They are at 33306 Oakland and 23816 Farmington Rd.

Officers of the city's Historical Preservation Committee, formed in December 1968, are: Paul Schriber, chairman; Dennis Phenevy, vice chairman; and Mrs. Sandy Colver, secretary. Other members are V.O. Bates, Charles Carvell, Mrs. Ann Courville, Gerald Harrison, Mrs. Carol Kurth, and Dr. John Richardson.

Booth Helps New Library

FARMINGTON
 The "Age of Librarians" is the theme of the Farmington Friends of the Library booth at the Founders Festival in the Downtown Shopping Center.

In the booth will be an exhibit of various types of books which will be needed for the new library and their approximate purchase cost. In keeping with the theme, visitors to the booth will be given an opportunity to make a donation and in return will receive a large black and white booster button which will read "The Age of Librarians."

Federal assistance to new library building programs has been drastically cut within the past year and little money is presently available beyond the initial cost of the building which is scheduled for completion on 12 Mile just east of Farmington Rd. in the fall of 1971.
