14) Two blocks west on Oakland you're back on Farmington and within sight of the first post office. It is located 23929 and 23927 Farmington. It is a mixture of farm Colonial and Classic design.

Time to pick up the car and start east down Grand River. The home at 32400 Grand River features Greek Revival accents with an early Victorian-style Mansard roof. The oldest part of the home was built in the 1840s. The living room floor is secured with wooden pegs.

16) Lunch time: Botsford Inn, 28000 Grand River, has been a mecca for travelers since 1836. It is the oldest operating inn in the state, and was a stop on the stage coach route from Detroit to

Lansing.

The drive through Farmington Hills is less rigid. There are two homes on Power which runs north from Grand River, between Orchard Lake and Farmington. It jogs to the right at Shiawassee.

The home at 24770 Power is between 10 and 11 Mile. Built in the 1850's, it has some Greek Revival characteristics.

The home stands on land which was part of the original tract belonging to Farmington founder, Arthur Power. On the northwest corner of Power and 11 Mile is a white columned home that was once the Philbrick Tavern.

It is said the tavern, under Quaker ownership, was a stop on the Underground Railway.
