FALL FASHION '84

What's new for fall... find out on August 23rd in the Osterizer & Zentgraf

Something To Think About

BOB ROCK DIRECTOR

THE QUESTION OF AUTOPSY

There are many people—whether because of religious, cultural, or philosophical—object to the "mutilation" of a body in any way. They regard an autopsy as an outrage and an insult, and often become very emotional. However, the law on this matter is clear. Whenever there is a sudden death, or any death of questionable cause, an autopsy must be performed.

It should be some consolation to people to know that an autopsy is conducted with the utmost possible care and dignity. This procedure is not unlike a surgical operation. It will also answer any lingering question or doubt concerning cause of death—and this has legal, medical, and personal implications. If there is any criminality involved, it can be dealt with. It can also help doctors understand more about treating a particular disease or injury. Finally, it can alleviate any doubts or guilt-feelings among the survivors.

Jewelry Jottings

by Allen DuQuet

Water in a watch rusts delicate parts and also prevents good lubrication. "Waterproof" watches can develop leaks. Fogging on the inside of the crystal is the signal that the watch should be checked.

When you're thinking of a fine watch for yourself or as a gift for a friend, be sure to see our stock. We have all types, including the modern quartz watch.

President is named

Henry J. Thiele has been named president of the Holley Carburetor Division of Colt Industries Inc. effective immediately. The division is headquartered in Warren.

Thiele has served since April 1982 as president of the company's Quincy Compressor Division, Quincy, Ill.; and, prior to that, he was vice president and general manager of the company's Stemo Truck Products Division in Longview, Texas.

From 1975 to 1977, Thiele was vice president, manufacturing, of the Stemo Truck Products Division, and, before joining Stemo, he was a regional sales manager with Mobil Chemical Co. in Atlanta, Ga.

A native of New Orleans, he was awarded a bachelor of commercial science degree in 1958 and a master of business administration degree in 1970 by Loyola University of the South.

Thiele is a member of the East Texas Society of Automotive Engineers, the American Institute of Industrial Engineers and the Society of Manufacturing Engineers. He is a member of the boards of directors of the Compressed Air and Gas Institute, Quincy (Ill.) Chamber of Commerce, Industrial Association of Quincy, St. Mary's Hospital and the Mercantile Savings and Trust Bank.
