

How to have the sleep of your dreams.

Thousands of inch-long natural wool fibers soothe and support you as you sleep.

The Scandia DownSM Wool Sleeper Pad will help you sleep like you've never slept before.

Its soft, dense pile of 100% Merino lamb's wool will cushion you, mold to the contours of your skin, and relieve pressures on your muscles and joints.

And because wool both insulates and absorbs moisture, the Wool Sleeper Pad keeps you warm when it's cold and cool and dry when it's hot.

You'll also find that the pad is long-lasting, non-allergenic and odorless, wet or dry. And you can wash it by machine without the pad ever shrinking or losing its natural loft.

Come to the Scandia Down Shop.

We specialize exclusively in European-style bedding. And we'll show you that our Wool Sleeper Pad is, indeed, the stuff of which dreams are made. -- (Priced below manufacturer's suggested retail!)
