

## cable connection

By Lark Samouell, special writer

Moments to remember are precious by-products of community programming. Because we are all at different stages of learning television production, many funny situations occur as we perfect our skills.

Most times without thinking directors will stop tape and reshoot a scene or edit our mistakes. Halt, hold that scene. Susan Fallon at Metrovision would like you to save your modified "preciously enjoyable moments" so that they may be used in blooper-type shows.

Now I know that this has brought a smile to your faces as we all have had such delightful and embarrassing moments. Do continue to enjoy your progress in cable television programming as your efforts are worth it. We are very proud of the shows which are on Channel 12. Keep up the good and creative work, while cherishing your own moments to remember.

## Seniors registered

Residents of Williamsburg Convalescent Center are receiving assistance in voter registration. The assistance is being provided through the nursing center's participation in a national, non-partisan voter registration drive. The drive will be from 9 a.m. to 4 p.m. Sept. 7. Volunteers from the League of Women Voters will assist with registration.

The general public is invited to register at the facility during this time. Sponsored by the American Health Care Association in conjunction with the Beverly Enterprises and the League of Women Voters, the registration program is designed to help all interested nursing center residents retain a role in the community through the election process.
