At the YMCA we don't treat childcare
like it's only child's play.

To us, child's play is serious business. Which is why we design our childcare programs to be fun as well as educationally stimulating.

It's also why our professionally trained leaders give children the individual attention and encouragement they need. And, why we teach them important social skills, like sharing and how to get along with others.

And since we have a pre-school center, a day care center and before and after school childcare, we have a program designed for all kinds of families. All programs are licensed by the State of Michigan.

The PRIME TIME program, our before and after school childcare, is presently located at five area schools - FLANDERS, GILL, LONGACRE, WILLIAM GRACE and WOOD-

DALE - it's available to children who attend these schools. Our PRE-SCHOOL Center and DAY CARE services are located at the Y Building and open to all Farmington residents.

So bring your children to the place that is serious about child care as you are. Visit us for more information.
