# No Forced Integration, Vows Romney

"There is not now and will not be any HUD policy mandating forced integration in suburbs. George Romney, secretary of the federal 'Department of Housing and Urban Development (HUD) told assembled suburban officials Monday night. While television lights glared down on him relentlessly in a packed, stuffy, hot and emotion-filled Warren school auditorium, he repeated the essence of that statement no less than eight times. Livonia Mayor Edward McNamara and Livonia City Council President Robert Nash came away convinced that, indeed, there has been no new requirements added to the HUD criteria for urban renewal assistance.

McNAMARA AND NASH, Mayor Norman Feder of Southfield and Mayor Tim Murphy of Garden City were among those attending. None of these took part in a question and answer session following Romney's

ROMNEY SAID of the memo. "I didn't know about it ... until I read it in the newspaper." He said it was a memo from a Chicago regional office staff member to his superior and one of many such on file in Washington and not necessarily read by him.

"It has no relationship to the department's poli-cies and it's a mistake to indicate that it does set department policy," said Romney. After quoting the Detroit News excerpt from the memo. Romney pointed out that the reporter had stated in the following paragraph that: "HUD in-

tends to use its funds to force integration of white

suburbs."
Romney looked up from his reading and pron-

Romney looked up Ir(m his reading and pronounced; "If repeated put/ficly and privately after what I've just said, (that latement) becomes deliberately false, inflammator and irresponsible."
Romney said he, as se retary of the department under President Richard, vixon, is responsible for setting policy and that the plny new policy since the Nixon administration took office is one which was decided by Congress previdisty.

IT IS THAT as of Dec. 31, 1969, the federal Civil Rights Act of 1968 requires that fair housing criteria be followed in single-family housing as well as multiple housing.

ple housing.

Romney said. "The department does encourage integration through voluntary action, and we have a statutory mandate to enforce a national policy of fair housing.

But our role is not o prescribe quotas or nu-

merical standards which a community must meet. Instead, our duty is to see that fair housing opportunities exist, and that communities seeking federal assistance are acting affirmatively to prevent discrimination..."

REFERRING TO the Warren application for funds, Romney said, "We're not going to bring any-body in and we're not asking you to provide housing for people who want to come into Warren."

He said what the department is doing to discharge its responsibility to guarantee that funds go to communities abiding by the 1988 civil rights act is to ascertain that the community has provided "adequate means of preventing discrimination."

Warren, having met all other criteria, can have the funds by simply appointing a human council of citizens who can be recognized as responsible for the ing action if a discriminating situation arises, he

### **Regional Commission Boosts** U.P. With \$14 Million In Aid

Gov. Milliken said recently Gov. Miliken said recently that economic development projects totaling nearly \$14 million have been launched in the Upper Peninsula during the last year with the help of grants from the Upper Great Lakes Regional Commission (UGLRC).

Gov. Milliken is state co-chairman of the commission which was created by Con-gress to stimulate economic development in the northern areas of Michigan, Wisconsin and Minnessus.

Other commission members include the governors of Wis-consin and Minnesota and

program has made a signifiprogram has made a signifi-cant contribution to the eco-nomic growth of Michigan's part of the Upper Great Lakes region, which includes all of the Upper Peninsula," Milliken

"All of the projects funded by UGLRC are helping to ac-complish the commission's commission's commission's commic opportunities and the quality of life in the region, through specific expenditures designed to stimulate private investments."
Milliken said the commis-sion has attempted to strike a balance between the two major-areas of concern — business and industrial development and tourist and recreation re-sources.

UGLRC grants for the Up-

Sources.

UGLRC grants for the Upper Peninsula have ranged from \$6.00 to the Houghton-Fortage schools to help purchase equipment that would reable it to offer business education courses to \$600.000 for a new bridge linking Menominee. Mich., and Marinette, Wis.

Mich., and Marinette. Wis.

Construction of the new 82.4
million interstate bridge,
which has been under consideration for more than 15 years,
is scheduled to start this fall.
It will replace the old Menekauneee Bridge which was declared unsafe and torn down
after it was hit by a car several years ago.
In the late 1850's the Michisan, Lesislature, annoproised.

gan Legislature appropriated \$50,000 for development of plans for the new bridge and they were completed in

BUT THE plans have remained on the shell for more than 10 years because of a lack of financing. The UGRC grant will make the new bridge, which will link industrial areas on both sides of the Menominee River. "Will have a positive effect on Menominee Second to the Second Link of the Menominee Second Link o

million airport in Houghted County.

The project, on which Sufficient is a superior of the project, on which Sufficient is a superior of the project, on which Sufficient is a superior of the project is a superior of the

Communities in the Hough-ton area are being asked to band together to develop an industrial park complex at the new airport.

Bargaining recessed July 16 and will resume Aug. 3 with the mediator.

THE FACULTY team listed eight unresolved issues when it anyounced that it had requested a mediator for the final three weeks before Aug. 24 resumption of school:

Substitution of administrators for faculty members as

The key issues in Lindner's view are:
Grievance rights of probationary instructors, department heads (same), load and académic freedom.

received the faculty rep-resentatives declared the two-week recess, but Stuart Bloom, Faculty Forum president, said

#### Richards Named U-M Dean

ANN ARBOR
Prof. James W. Richards of
the University of Michigan
College of Pharmacy has been
named assistant dean in the
college.

The appointment, approved by the Regents, becomes effective Aug. 26. He also will continue to teach.

For several years Richards has been performing the duties of assistant dean without the title, according to U-M Vice President Allan F. Smith.

### Waterman Remodeling Bid Taken

A bid of \$59,1% to do remodeling of the Waterman Campus Center lower level was accepted by the Schoolcraft Community College Board of Trustees at its latest meeting. Successful two hidder was Shiller Construction Co. The board. Less its habitually absorb Livonia School District representative. James Boarder persentative. James Boarder and School District representative. James Boarder and School District representative. James Boarder Total project cost was estimated at 888.000 with architectural and administrative expenses.

ALSO ACCEPTED was the

ALSO ACCEPTED was the low bid of Jennite Products, inc. of \$9.520 for asphall paying repairs — unanimously. The board also granted authority to the administration deducation building Aug. 3 or "such other date as the administration feels the building is substantially complete" by unanimous motion.

The building is scheduled to be completed Aug. 3, but labor difficulties have imperiled (completion) and the board has been advised by its attorney to not accept it until "complete."
