

cable connection

By Lark Samouelian
special writer

The League of Women Voters will provide helpful information to local residents through programming on channel 12. Linda Deporter of Farmington reports that the local area league will sponsor a cable television program on "Ballot Issues," especially on Proposal C, Voters Choice.

The Detroit Metropolitan Area League of Women Voters has produced a forum for the six candidates running for the Michigan Supreme Court. The programming produced by all the Leagues of Women Voters provides a simple way for busy schedules to really understand the impact of issues and politicians who represent local interests.

Watch the Cable Television for the scheduled times.

What else would you like to see on Channel 12? To be successful, we must hear from you. Programming may range from entertainment to informative shows. Every idea will be treated with respect as we help you enhance it for the cable television medium.

As you are exploring the possibility of turning your idea into a television show, be sure to think in terms of using visuals. Let people "see" what your message is. Remember, the television screen is wider than it is long. Things to be displayed should be positioned horizontally.

There is nothing magical about television programming. It is up to the doing. Please share your ideas with us.
