

Y-CARE...A PLACE TO GROW

At the YMCA we don't treat childcare like it's only child's play.

To us, child's play is serious business.

Which is why we design our childcare programs to be fun as well as educationally stimulating.

It's also why our professionally trained leaders give children the individual attention and encouragement they need. And, why we teach them important social skills, like sharing and how to get along with others.

Up to now, you have cared for and loved your child not only as a parent, but often as a playmate and always as a role model. Now that you are ready to entrust your child to a day care provider, it is important that this first learning experience be a step in the right direction.

At the First Step Day Care Center your child will be safe, happy and surrounded by love.

The YMCA child care service offers the following unique features for children 2½ to 5 years of age.
