Taste Extra!

New True Laser-Cut
"Flavor Chamber" Filter Shatters
(Low Tar = Low Taste) Theory!

Only True Has It. The New Laser-Cut
"Flavor Chamber" Filter. A remarkable filtration
discovery that delivers a flavor-rich tobacco
experience at only 5 mg. tar.

Test True Against Your Higher Tar Brand.
One taste and you'll discover low tar
doesn't mean low taste anymore. In fact, New
True's fuller, richer flavor delivers a taste
satisfaction we believe challenges

cigarettes containing twice as much tar.
Yet True is still only 5 mg. tar!

Longer Lasting Smoking Enjoyment.
What smoker wouldn't like a cigarette that lasted
longer? That's another New True bonus.
True's quality tobacco blend is packed with extra
tobacco so you can enjoy each cigarette longer.
Noticeably longer.

New Breakthrough True. Why not test it
against the only taste
that counts? Yours!

It tastes too good to be True.

New True

Warning: The Surgeon General Has Determined
That Cigarette Smoking Is Dangerous to Your Health.

Regular: 4 mg. "tar", 0.5 mg. nicotine; Menthol: 5 mg.
"tar", 0.5 mg. nicotine, av. per cigarette by FTC Method.
