Holiday Ideas

Joan Angelo, an employee of the Holiday Idea Shop in Farmington Hills, stands among the decorations in the store, which attempts to get people to think about new holiday decorations for the

home, tree, table and mantelpiece. For more photographs and a story, see the Suburban Life section.

Cancer is
often curable.
The fear
of cancer is
often fatal.

If you're afraid of
cancer, you're not alone.
But some people are so afraid
that they won't go to the
doctor when they suspect
something is wrong.
They're afraid the
doctor might "find some-
thing." This kind of fear can
prevent them from discover-
ing cancer in the early stages
when it is most often curable.
Those people run the
risk of losing cancer away
from them to death.
