

## cable connection

By Lark Samouelian  
special writer

Add another dimension to your life and participate in your Community Access Channel. Learn to produce, direct or work the camera by signing up for free workshops that Metrovision and SWOCC offer to residents of Farmington, Farmington Hills and Novi.

After completing four classes, you will be certified to join the growing ranks of resident producers, directors and crew members.

Studio workshops will be held 7-10 p.m. March 6, 13, 20 and 27 at Metrovision Studios, 37635 Enterprise Court, Farmington Hills.

Portapak or remote workshops, April 9, 16 and 23.  
Portapak classes will feature the use of television equipment on location. To use this equipment, you must be certified on an individual basis by the Metrovision production staff.  
Enroll by calling Judy Kral at SWOCC, 474-1017.

### WHAT MOST PARENTS DON'T KNOW

#### ASK THE DOCTOR

The law states that your child must be immunized with DPT vaccine before attending school. A good law. DPT vaccine has almost eliminated pertussis (whooping cough), once a childhood killer. But are parents aware of the vaccine's inherent dangers? One recent study suggests that 1 child in 875 may have an adverse reaction to DPT. There is potential danger, including cerebral palsy, mental retardation, brain damage and paralysis. And further evidence exists that crib death, sudden infant death syndrome (SIDS), may be directly related. Symptoms, such as a shocklike state, seizure, screaming, high fever, allergic reaction, swelling, cough or convulsions are warning signals.

#### ASK THE LAWYER

Under the law you and your child may be entitled to compensation. If your child, or the child of someone you care about, had DPT vaccine and has similar problems, first contact your doctor. Then ask for a second opinion, a legal opinion. No fee until we win.
