This summer countless Americans who wouldn't touch a hot stove will literally burnhemselves alive. It's that seasonal madness—In vacation spots across the nation, thousands of bodies glistening with sun tan oil will deepen into shades of mahogany as they turn slowly under the sun's rays like rossts on a Why do so many people boil themselves in oil? Because a deep tan supposedly makes you look like a Greek god or goddess. At the very least, it shows that you've been somewhere.

Often, the compulsion to tan quickly overrides good sense and you find yourself glowing painfully at day's end.
