

Planning workshop planned at OCC

This summer the Orchard Ridge Campus of Oakland Community College is offering a career and educational planning workshop to help high school students answer important questions about themselves, as well as plan successful futures.

Entitled "Students Exploring Life Educational and Career Themes" or "SELECT," the program is composed of five modules that can be scheduled separately during a variety of time periods beginning in June and continuing through July.

The cost of the program is \$150 per student. Registration is in progress.

Legislature eyes law to fight fake ID

Continued from Page 1

altered or false identification, said Rep. Gordon Sparks, R-Troy.

But as far as Sparks is concerned the existing law is nowhere near tough enough.

A POLICE officer catching a teen with false ID can cite the teen-ager for minor in possession as well as for falsifying a license and elude the store owner for a liquor law violation, according to Murphy.

About a month ago, Sparks decided, with the encouragement of the Troy police, to add a little bit more weight to the consequences of using a false ID.

HB 4344 passed the state House of Representatives and with any luck should be through the Senate and onto the governor's desk in plenty of time for the high school prom and graduation season, Sparks said.

"That's one of the reasons why we tried to push on it," he said.

Sparks' bill is an amendment to the existing state law that prohibits the use of false identification.

If the law is amended, anyone who uses a false or altered identification, whether to buy alcohol illegally or if the ID is presented to an officer when stopped on a traffic violation, will be subject to automatic mandatory suspension of their drivers license for 90 days to one year, Sparks said.

Without a doubt, Sparks' bill is specifically targeted to those under 21 years of age who use false identification to purchase liquor, Sparks said.

"I think it's great if the courts and everybody sticks to handing out the punishment," Murphy said. "Anything that induces these kids from going out and buying alcohol."
