Chances are your baby will be born without complications.

Complications due to stress or physical problems or simply due to your age. Complications which could seriously affect the health of you and your newborn baby. And most women don't know what these complications could be.

Look to Huzel Hospital, Michigan's high-risk pregnancy specialist, to help you learn about high-risk pregnancy and how to deal with it. By learning about the causes of high-risk pregnancies and discovering them early, we can help you avoid potential problem deliveries through proper care and planning.

Huzel Hospital, an affiliate of the School of Medicine, Wayne State University, and the Medical Center, has the technology and experience to help you before, during and after your pregnancy.

Free High-Risk Pregnancy Brochure. Chances are your baby will be born without complications, but isn't it best to be prepared? Call 494-7500 for a free copy of our brochure on high-risk pregnancy, or write Huzel Hospital, Dept. OE, 4707 St. Antoine, Detroit, MI 48201.
