Police Nab Pair After Alarm 'Tip'

A silent burglary alarm system tolled what Farmington police claim was an attempted robbery of the Roger Peck Chevrolet dealership, 32715 Grand River, shortly after 3 a.m. Sept. 10. Taken into custody were Azem Sejita, of Dearborn, and Qasim Bilbashi, of Detroit, of breaking and entering and were released on \$500 bond each. Examination was set for Sept. 20. A privately operated alarm service reported the break-in to police and officers who sped to the scene, reported seeing Sejita and Bilbashi in the showroom. The two men reportedly escaped from the building through a back window and were arrested nearby.

"Any man able to build a \$250,000 estate should enjoy it as it grows"

A lot of work goes into the building of a lifetime estate. And Manufacturers Bank believes that the estate should continue to grow and meet all your future objectives. To accomplish this... even when you can't give it your full attention... Manufacturers recommends the Living Trust. A Living Trust relieves you of the day-to-day responsibility for your estate and provides professional management to help keep it growing. The fund will be administered by an experi-

enced Manufacturers trust officer to meet such objectives as retirement income, security for your wife and education for the children. The trust may also qualify your estate for substantial Federal Estate Tax Savings. Your Living Trust can be drawn up by your attorney and funded with property you have already accumulated. Cash, life insurance, securities and real estate. And should you wish to add to, change or terminate the trust during your lifetime, you are free to do so.

For complete information, contact the Trust Department at Manufacturers Bank Main Office 222-4326, or the Oakland Trust Office 642-8444. An experienced Trust Officer will be happy to explain how a Living Trust will help you "keep family and family funds together."
