Fescues Grow Where Other Grass Cannot

The fine or red fescues, Festuca rubra and its varieties, are among the most popular lawrgrasses in the nation. Fescues are much used in bitugrass bleafs to provide durable cover where the growing is difficult. Fescue usually claims parts of the lawn too hard for most species to handle—the shade under trees, where the sold fries out, where lawgrasses in the nation.

Fescues are much used in bluegrass blends to provide durable cover where the growing is difficult. Fescue usually claims parts of the lawn too hard for most species to handle—the shade under trees, where the soll dries out, where fertility is poor.

Any and lawned the soll the soll than the soll

fertility is poor.

Any good lawnseed blend should contain a liberal sprinkling of fescures to take a second secon

nave still more to order. A striking feature is the delicate testure of their foliage. The thin, dark-green leaves are as elegant as those of any fine turfgrass.

Chewings, Illahee, Pennlawn and Rainier, are traditional fine fescues, widely recognized. Pennlawn has been especially Raubre for seven the total proper origin, noted for seven the feature of the feature of shade. Pennlawn has been especially Raubre for disease-resistant parent stock the feature of the feat

summer turns bot.

In open, sunny areas fine fescues should probably have some Kentucky bluegrass included, which fills-in a bit more quickly by rhizomes. But even in damp locations, and where the lawn will be clipped close, fine fescuouses have a place in mixtures with benigrasses such a place in mixtures with benigrasses such a place in control of the proposed of the place of t

HERE'S AN IDEAL PANEL that may be used HERE'S AN IDEAL PANEL that may be used where decorative glass would be used, in many places where glass cannot go. Used to enhance doorways entrance halls and cabinet doors, these panels can be easily cut to any shape and installed by ordinary do-it-yourself methods.

Create Storage SpaceTo Hide Room Faults

Panels in applied flat moldings are used above a segmental arch and flanking the windows are recesses, book-cases and cupboards.

The perfect answer for bathrooms and shower stall, kitchen and utility areas.

• Completely washable.

• Moisture, grease, dirt resistant.

• Durable -- long life and beauty.

• Apply to new or old walls.

• Adhesive and mouldings availa.
