Co-op nursery opens with new options

Maytair Co-operative Nursery School, 30450 Farmington Road, will open for classes Mooday, Sept. 9. Openings remain available in all classes Mooday, Sept. 9. Openings remain available in all classes and age groups. "Maytair offers the preschool child ages 24-5 years the opportu-nity to aited nursery school an all well stronophere without com-pletely severing the bood from home. In turn, the parents, through their involvement in the school and the classroom, are able to interact and observe their child in a new environment and to feel an integral part of their early education. "This year Maytair is striving to include families who may have filt previously unable to participate in the experience a co-opera-tive nursery provides. For the first time a program which will allow parents who are unable to satisfy classroom work responsi-bilities are given the option of hiring another Maytair parent to substitute for them.

This "paid parent option" is one step Mayfair is taking to make the co-op responsive to charging family needs. Families with sin-gle parents or two working parents abould find this useful. Also available for these families is the option of having the daily caretaker (baby sitter, grandparent) take the work day for the parent. Other co-op responsibilities would remain unchanged in either of these arrangements. For the samilies with younger siblings is on-site baby-sitting by Mayfair mothers during the parent's classroom time. This may require an extra Mayfair day for these mothers but it alleviates the problem of finding a daytime baby sitter. Mayfaire goal is to provide quality preschool education to all children.
