

cable connection

By Lark Gamouellan
special writer

The month of October is one of much activity and excitement.

The landscape around us displays its beautiful array of color. Evening hours are crisp with the aromas of damp leaves and ripe fall apples.

It is a wonderful time to cuddle up, read a book or tune into television.

As broadcasting is starting up their own channel line-ups, so is our local channel.

WATCH OUR schedule for all the new television shows.

Look for the League of Women Voters "Candidates Night" for our local politicians.

The League coordinates an evening of opportunity to the candidates by asking all pertinent questions and providing equal time to each.

It is a marvelous opportunity for the television viewer to become better acquainted with the people and issues that make our community tick.

WE ARE also gearing up to provide television coverage of sports events and on-the-spot election night coverage.

Tell your neighbors to begin tuning in to Channel 12 so that when special events are announced, they will be familiar with their very own channel.

Another avenue we are beginning to explore is that of radio over cable.

Have you ever "hankered" to have your own show? Call us and help us explore the possibilities.

Therefore, as you cuddle up and sip that warm cup of cider, give some serious thought to expanding your horizons this fall with us on Channel 12.

Metropolitan of Oakland County's public-access programming on Channel 12 for the week of Oct. 7.

COMMUNITY ACCESS
