# Unfortunately, just because we do a better job people think we charge more.

The fact is we charge less than most of our competitors. A few here and there may charge a little less than we do. But you can find out for yourself.

Next time you need a muffler, check us. And check our competitors. Just remember that we do the job faster (in 30 minutes or less), that we guarantee our work, and that we don't charge for installation. Considering all that, you get more than just a better job. You get a better deal.
