

Credits can be earned while touring Europe

Oakland Community College is sponsoring a 21-day college study program in northern Europe beginning May 1. Students will have an opportunity to earn three credits in "Northern European Art" and/or "Comparative Politics" while touring cities in Scandinavia, Germany, France and the Soviet Union.

The itinerary includes visits to a number of the world's greatest museums, discussions of recent world events, and opportunities for leisure-time shopping and sightseeing.

Highlighting the trip are tours of Stockholm's Royal Opera House, Lenin's St. Isaac Cathedral, West Berlin's Egyptian Museum, East Berlin's

Pergamon Museum, Cologne's Palace of the Roman Governor, Dusseldorf's Goethe Museum and Paris' Louvre Museum.

The tour includes air and private bus transportation, hotel accommodations, daily continental breakfasts, baggage handling, tips, museum fees and several lunches.

The cost of the tour package is \$2,641 per person, based on double occupancy.

Shirley Zimmer

Hospice care certificates won

With a shared interest in comforting the dying, Sue Andrea of Allen Park and Shirley Zimmer of Farmington completed the 30-semester-hour Hospice Care curriculum at Madonna College, Livonia, and were awarded the first two Certificates of Achievement in Hospice Care.

Zimmer graduated from Madonna with a bachelor's degree in social work. Working as a therapist at Redford Counseling Center, Zimmer completed her hospice internship at Hospice of Southeastern Michigan and continues to volunteer there.

"The skills I learned at Madonna College are useful in my grief and

bereavement counseling at work and as a volunteer," Zimmer said. "The hospice concept of giving the patients a choice to die at home and to receive pain control are the primary reasons behind my strong commitment to Hospice."

A team of professionals interested in hospice care developed the program in 1983. The hospice curriculum covers fundamental concepts, psychosocial components, spiritual and ethical considerations, and comfort and care for the hospice client.

The program offers a 30-semester-hour Certificate of Achievement in Hospice Care, and an upper division 20

semester-hour minor in Hospice Care. Madonna College's Hospice Care Program is open to administrators, gerontologists, psychologists, social workers, doctors, nurses, ministers, other professional care givers and dedicated volunteers.

Any individual qualified for college admission and interested in supportive care of dying persons, as well as college students interested in earning a practical and related minor expanding their major focus of study.

Special guests may also register for individual courses with permission of the Director of Hospice Care or Division Head of Nursing.

Walking stick bequeathed

Benjamin Franklin, in his last will and testament, bequeathed to his friend, Gen. George Washington, his "crabtree walking stick, with gold head curiously wrought in the form of a cap of liberty."

After Washington's death, one of his nephews inherited the walking stick.

It is now in the Washington Collection at the Smithsonian Institution, says the Quakerstown Chapter, Daughters of the American Revolution.

THREE BASICS OF SURVIVAL: FOOD, CLOTHING, TAX SHELTER.

See us about an IRA. The tax season can often be a struggle for financial survival. This year, run for cover — get a tax-sheltered IRA from Guaranty Federal. You can contribute up to 2,000 tax deductible dollars to your IRA each year. Even the interest you earn is tax deferred until retirement. Don't have two grand on hand? You can contribute a lesser amount, or even take out a Guar-

anty Federal loan to start your account. If you already have an IRA, you can transfer it to Guaranty Federal, and keep all your investments sheltered under one roof. This year, don't hide from the IRS, just take shelter — with an IRA from Guaranty Federal.
