The Big E Insured Fund Beater* was originally designed to top money funds, because it pays a daily rate that's always higher than last week's average of the leading funds as published in Donoghue's Money Fund Report™ (on deposits of \$10,000 or more).

But guess what happened. We took a good look at Detroit and found out we beat the banks, too, for accounts of this type.

They all give you FDIC or FSLIC protection, six pre-authorized transfers a month

(three of which may be by check); ours gives you all that plus a better rate.

The table above proves it, month after month. So why settle for a lower rate? Make your money work harder at the Big E. Talk to the experts at the Big E and ask for an Insured Fund Beater.

To open your Insured Fund Beater, visit any Big E office or call Smartline® at 1-800-THE BIG E (1-800-843-2443) from 9 A.M. to 9 P.M. 7 days a week.
