

Farmington Socially Speaking

By KATHY ZISKA
GR. 4-7261

Last Wednesday afternoon started the new season for the Farmington Musicals. The meeting was a salad luncheon in the Community House, with a great attendance. It was at this meeting that guest pianist, Gerra Gorrell, daughter of Mr. and Mrs. Lester G. Gorrell of Greenwillow Road, pleased the audience with a piano medley.

Gerra is the young lady who was the 1970 recipient of the Farmington Musicals scholarship. In 1968, Gerra received the Farmington JC music scholarship. There is no doubt in anyone's mind that this young lady is very talented.

An only child, Gerra is a senior at North Farmington High School. She has studied

piano under the direction of Mrs. Margaret Kille of Bayberry Road. When we approached her mother about Gerra, a normal, average girl with interests in sewing, copper enameling and anything in the craft line.

DID YOU BY ANY chance notice the marigolds in the flower beds off the sunporch at the Community House? The plants are large as shrubs, the flowers are big as saucers and the color is just as yellow as yellow can ever be!

Mr. and Mrs. Steven White of Terra Hill Avenue spent 10 honeymoon days in Jamaica where they sunned, toured the

country side in a rented car and had delightful accommodations at the Shaw Park Hotel in Ocho Rios.

They also spent several days in Miami, Fla. which was Mrs. Mary White's home up to a year ago. In Boca Raton, they visited special friends, Mr. and Mrs. Donald West and in Ft. Lauderdale, they guested with Mr. and Mrs. Don Frye.

We might add they had the experience of landing in Miami on a "BOMB SCARE" plane. Mary wasn't real happy with the frightening experience, which turned out to be a hoax. The "bomb" threat is not treated lightly with the airlines and procedures are followed to find out for sure, one way or the other.

When I asked Mrs. Los about her accent, which is quite delightful, she stated that she is from Sweden and has been in the U.S. for seven years, while her husband is Dutch and a nine year resident.

Naturally I asked how she and her husband Bernard, like the U.S., she very firmly stated, "Oh, we're staying! There's no question about it: we like it very much. Besides, we have an ALL AMERICAN 'BOY' now." Richard, their son is 1 1/2 years old. It was so pleasant to hear someone say something nice about this country of mine and yours, that I thought you'd be pleased to hear it too!

ROBERT W. CRUST, of 23410 Wilmarth, Farmington, has been appointed fleet sales director for American Motors Corp. He joined AMC in 1963 as project manager in dealer investment. Crust attended North Dakota State University.

Open House Begins Children's Aid Week

FARMINGTON The second annual Michigan Children's Aid Society open house, sponsored by the Farmington Enterprise & Observer, was held Monday morning in the society's quarters in Farmington.

Over 200 Farmington Area community leaders were invited to attend the open house at the society's state headquarters located at Grand River and Drake.

A CONTINENTAL breakfast was served, tours of office facilities conducted, and briefings given by Albert Morris who is state director of the MCAS.

Purpose of the open house was to better acquaint the Farmington community with the program of the 18-branch statewide, non-profit, non-sectarian agency.

Throughout Michigan, the society provides adoption, foster care, unmarried parent and some family counseling services.

Each year, the MCAS places 1,000 foster children in homes throughout the state and assists some 2,500 unmarried parents annually.

During the past year, the

Only Five Murray Trains

Only five planets were known to ancient astronomers—Mercury, Venus, Mars, Jupiter, and Saturn. No one knew that the earth was a planet until the early 1500s, when Copernicus showed that the sun was the center of the solar system and that the earth revolved around it.

Hair'n Around by John Ryan

For gleaming hair, pamper it... with healthy diet, scant coverings on smoggy days, proper beauty salon care.

Nearest, most deliciously refreshing night (or daytime) "wash"—dunk washcloth in 2 cups hot water mixed with tablespoon bath oil... wring out, smooth over face, arms, chest, back of neck.

In the first century A.D. in Rome, beautifying face masks were made of bread-crumbs soaked in milk.

Tensed up muscles? To relax, "go ape" with feet apart, round back and drop head down to knees, letting arms dangle; now let head and back bounce 10 times, loosely.

Rouge can "fit" a face; the more matures the woman, the higher she should apply her rouge... with just below the eye socket; the highest point on cheek; but shading up to the temple.

Women of all ages love our expert touch with a comb at

Murray Trains

FARMINGTON Army PVT Michael F. Murray, son of John A. Murray of 7742 10 Mile, Farmington, recently completed a wheeled vehicle mechanic course at Aberdeen Proving Ground, Md.

During this eight-week course, he was trained to repair internal combustion engines and wheeled vehicle chassis components. Instruction was given in the fundamentals of electrical and transmission systems.

Offer Flags

FARMINGTON The ladies auxiliary to VFW post 4032 would be honored to donate an American Flag to a Girl Scout troop, Boy Scout troop or other organization that may be in need of one.

Dean Oumedian, Americanism chairman for the auxiliary, is the one to call. The phone number is 476-5509.
