Bridal
Traditions

by Noritake

Family traditions begin with the good taste and sensible prices Pontiac Pottery is famous for.

We've helped three generations of newlyweds plan their dinnerware traditions. Today we assist further by offering two Bridal Registry plans along with one of the area's widest selections of dinnerware. Gift boxing, gift wrapping or packing for shipment is included at no extra charge and you can use our long distance hotline to order toll-free from anywhere in Michigan. Of course the Pontiac Pottery Price Guarantee assures you of the lowest prices available in the tri-county area.

Pontiac Pottery has been family owned and operated for nearly fifty years - we understand family traditions.
