

'On Stage' producer attracts honors

Ever since our second annual award ceremony, Metrovision production staff has been recognizing outstanding efforts of television producers.

The people who are considered as actively producing series of shows or have a particularly unique program. Joe Pullin is September's Producer of the Month. He was selected because his program, "On Stage," finds the finished product very polished and professional. It is through his remarkable efforts and persistence for excellence that the "Las Vegas" effect is accomplished. Pullin shoots on location with one remote camera. He has the talent perform their acts over and over. Each time he shoots from a different angle. Back in the editing suite, he lets the footage and determines the format to create the effect that would be presumed only from a full-blown production team.

We do not anticipate a mass of shows from Pullin, but what product he does share with us, we will enjoy. Request "On Stage" to be seen at your leisure for Viewer's Choice on

Fridays. Congratulations, Joe Pullin.

Metrovision of Oakland County's public-access programming for the week of Sept. 15

BERGSTROM'S CALL 532-2160

TWO LOCATIONS
REDFORD AND FARMINGTON HILLS

Armstrong Ceilings

Q. How much will a new ceiling cost?

A. That depends on the features and benefits of the ceiling you choose. A washable ceiling is low-cost; a washable, acoustical is more; washable, acoustical, fire-retardant is more than that. Ceiling prices, when compared with other major interior remodeling products, are inexpensive. Depending on the features you want, your new ceiling should cost somewhere between \$50 and \$200 for an entire 10' x 12' room.
