

police/fire calls

Listed below are some of the Farmington-area police and fire calls received during the past week.

● SCHOOL DAMAGED

At least one student using a Split Master survival game gun, which shoots paint balls, is suspected of vandalizing Harrison High School, 29995 12 Mile, between March 31 and April 14, police said.

Paint damage was found along the east third-floor hallways, a third-floor classroom, the weight room and the patio area and on east-side windows and walls. It has not been determined exactly how many people are responsible for the damage, according to the police report.

The guns use CO₂. They can shoot 24 shots per cartridge at long distances. "The guns are dangerous within five feet. Gun balls can sting a subject when hit," according to the police report.

The guns sell for \$60-\$75.

● CAR RECOVERED

A 1986 Pontiac Grand-Am reported stolen out of Roseville was recovered at Northwestern Financial, 30833 Northwestern Highway April 14. It was valued at \$14,000.

● JUVENILES DETAINED

Two 16-year-old teens from Northville were questioned by offi-

cers in connection with the theft of a radar detector from a car parked at Chatham Hills Apartments about 1 a.m. April 16, according to a Farmington Department of Public Safety report.

A Farmington Hills Special Patrol Operational Team officer spotted the teens at Greenhill Apartments, where he questioned them in connection with the Chatham Hills theft. The radar detector confiscated from their car was valued at \$250, according to the report.

● 2 BREAK-INS

Two commercial break-ins occurred in Farmington between 12:30 and 4 a.m. April 17, according to Farmington Department of Public Safety reports.

More than \$1,300 in cash was reported stolen from Farmington Lanes, 32315 Grand River. A total \$400 in damage was reported.

At Computerland, 34435 Grand River, \$350 in damage was reported when a rock was thrown through the front window. Nothing was reported taken.

● THEFTS REPORTED

A car telephone valued at \$1,100 was reported stolen from a 1985 Cutlass parked at Briar Side, 33300 Grand River, between March 13 and April 14.

A car telephone valued at \$200 was reported stolen from a car

parked on Harwich April 13-14.

A car telephone valued at \$1,550 was reported stolen from a car parked on Danvers April 13-14.

An in-dash radio valued at \$240 was reported stolen from a car parked on Weymouth April 13-14.

An in-dash radio and other items valued at \$470 were reported stolen from a car parked on Danver Court April 13-14.

A nurse's bag, a radar detector and other items valued at \$440 were reported stolen from a car parked on Danvers April 13-14.

A small-horsepower gas engine valued at \$200 was reported stolen from a yard on Drake near Rhonswood April 13-14.

Tools, a color TV and other items valued at \$2,260 were reported stolen from a pickup truck parked in a driveway on Springbrook April 13-14.

A 1986 Pontiac Trans-Am valued at \$14,000 was reported stolen from outside Guaranty Savings, 31550 Northwestern Highway, April 14.

A portable power generator valued at \$1,500 and a space heater valued at \$500 were reported stolen from a construction site at Indian Creek Apartments April 14-15.

Four wire wheel covers valued at \$250 were reported stolen from a 1987 Monte Carlo at Holiday Chevrolet, 30250 Grand River, April 14-15.

Fire ruled arson

A two-story house under construction on Bostwick was heavily damaged by fire shortly past midnight April 16. The fire was deliberately set, Deputy Fire Chief Peter Baldwin of the Farmington Hills Fire Department said. Damage was estimated at \$30,000. Flames were extinguished within 30 minutes. Farm-

ington public safety officers aided Farmington Hills firefighters as part of a mutual aid agreement. One Farmington officer sustained an eye injury at the scene. Call tips about the fire to the Farmington Hills Fire Department: 553-0744.

BACK PAIN WHEN EVERYTHING IS ALRIGHT
 You may have experienced an episode of back pain so intense that you could not stand upright. Yet after you saw the doctor, and had x-rays, the physicians said: "Everything is alright." How is it possible that you can have such discomfort and at the same time, medical evaluation can find nothing wrong?
 The doctor is not doubting that you have pain. What examination and testing show is that the bones and vertebrae that comprise the back are intact. In such cases, the source of the back pain is likely to be in the ligaments and muscles that intertwine in the back like the individual strands in a segment of hemp rope.
 As yet, no test can establish the state of these back muscles and ligaments. Therefore it is not possible to say with certainty if these structures are injured, and are the cause of your pain. Until the time that a way is found to assess these elements, and available tests show no other source of pain, doctors are likely to tell patients that "everything is alright."
