

Michigan's First...

Builder's Selection Showroom

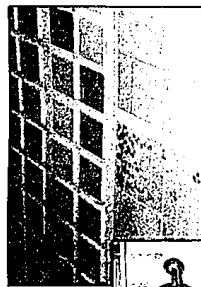

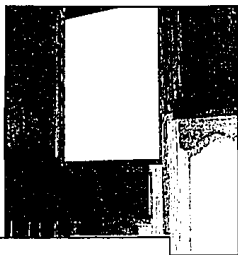

Offered by a Realtor

Harry S. Wolfe Company is now ready for your most sophisticated new home building needs. As a service to you, Harry S. Wolfe Company has completed a professionally designed "Builders Selection Showroom." Select your brick, roof, cabinetry, formica, ceramic, hardware, sinks, faucetry, carpeting & linoleum from our showroom and receive professional interior design counseling.

For those of you wanting a touch of elegance in upgraded materials, choose from our beveled and stained interior and exterior windows and doors, fashion whirlpool baths, custom polished brass faucetry, solid oak and all formica cabinetry for that contemporary look, or choose a blueprint from our architectural library.

By appointment, with no obligation, our showroom is at the disposal of all purchasers buying a new home through a licensed builder doing business with Harry S. Wolfe Company.

Preview Grand Opening to Builders and Corporate Suppliers ONLY
