

Harpist to perform with orchestra

Pontiac-Oakland Symphony will perform at the Pontiac Central High School Auditorium at 3 p.m. Sunday. The concert, conducted by David Daniels, will feature selections from Berlioz, Alwyn, Mozart and Russian composer Nikolai Rimsky-Korsakov. Special guest for the performance will be harpist Patricia Terry-Ross, who will perform "Lyra Angelica for Harp and Strings."

Terry-Ross began studying harp with Velma Froude at Cass Technical High School in Detroit. She later attended the University of Michigan, where she earned bachelor's and master's degrees. While there, she continued her studies with Ruth Dean Clark. She also completed additional graduate work with Lucie Lawrence at Tanglewood Institute in Massachusetts.

She is harp, piano and vocal instructor at Cass Technical High School and instructor of harp at Wayne State University. She is also principal harpist with the Michigan Opera Theatre, the Warren Symphony, Michigan Chamber Orchestra and the Dearborn Symphony.

Terry-Ross has performed with the Detroit Symphony Orchestra and has also recorded several performances with it, including the 1982 Grammy-nominated recording of Stravinsky's "Firebird," under Antal Dorati.

She has recorded two albums for Open Sky Records, where she is featured with actor John Carradine, jazz flutist Bud Shank and actress Loretta Swit. She appears as a soloist and with various chamber ensembles throughout the area.

Tickets, \$7 for adults and \$4 for students and senior citizens, can be bought at the door or in advance by calling 334-2390 or 334-6024.

Dealing with sculptural forms

The photographs by Clarence Kennedy (1892-1972) in the Albert and Peggy deSalery communicate the liveliness of art through the lens-eye view. Kennedy would photograph both the total sculptural work and then focus in on the details. He used his training as a classical and renaissance scholar to good advantage. Continues through Nov. 29. Museum hours are 9:30 a.m. to 5:30 p.m. Tuesday through Sunday.

Comerica announces an Adjustable Rate Mortgage so adjustable, it can even become unadjustable.

If you can't decide whether to get an adjustable or fixed-rate mortgage, come to Comerica. We'll give you five years to decide.

Because with our new convertible Adjustable Rate Mortgage (ARM), you can enjoy the flexibility of adjustable rates with the ability to convert to a fixed rate in the future.

In fact, we'll even give you a choice when you want to convert. You can choose our popular One Year ARM and convert any month between your 13th and 60th payment.

Or, you may prefer our new 3/1 ARM where the loan rate is held constant for the first three years, then adjusts annually like our One Year ARM.

Our 3/1 ARM may be converted on the loan's third, fourth, or fifth year anniversary. You can even choose the term of your loan—from 10 to 30 years in 5 year increments. You'll also get the security of knowing that our ARMs have a 2% annual cap and a 6% life-of-loan cap. It's that simple. And it's just part of the lending spirit we've got at Comerica.

Call 1-800-292-1300 for the name of the Comerica Mortgage Representative near you. Or stop in soon to find out more about our convertible ARMs. It will be the easiest thing to adjust to in your new home.
