

Fire safety coloring contest winners feted

Longacre second grader Jami Thompson, 8, and Lt. Michael Garr of the Farmington Hills Fire Department enjoy lunch at the McDonald's Restaurant at 10 Mile and Grand River.

Students honored

THEY'RE winners. Farmington Hills Fire Department has announced the two winners of its "Fire Chief of the Day" coloring contest.

They are Larkshire Elementary fourth-grader Jennifer Haniatis, 9, and Longacre Elementary second-grader Jami Thompson, 8, who won the McDonald's Restaurant-sponsored contest.

Each won a ride on a fire truck and lunch at McDonald's with Fire Chief Richard Marinucci and Lt. Michael Garr, fire education coordinator, for their efforts.

The McDonald's at 10 Mile and Grand River and at 10 Mile and Orchard Lake were contest co-sponsors. The contest was held in conjunction with National Fire Prevention Week Oct. 4-10. It's an annual event in Farmington Hills.

Larkshire fourth grader Jennifer Haniatis, 9, takes in lunch with Lt. Michael Garr (left) and Chief Richard Marinucci of the Farmington Hills Fire Department at the McDonald's Restaurant at 10 Mile and Orchard Lake roads.

Exclusive with Quality Acrylic Spas... Heat Exchanger System I heats your Spa at no cost!

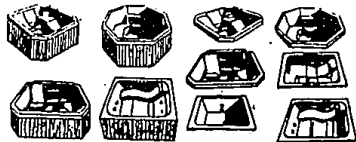

The system uses motor heat, instead of a electrical heater to heat water. It operates from any air-conditioned space. Quality Acrylic Spas are built with special pump packages to heat water by 36 degrees Fahrenheit. Quality Acrylic Spas are built with frame, motor, pump, and heater in one unit.

No one else can offer you this system. We are the exclusive developer and manufacturer.

Learn about the new approach to teeth replacement

CALL 1-800-323-0425 TO REGISTER FOR THE LECTURE AT OUR NOVI OFFICE

Implants can provide many benefits. They can enable you to have renewed confidence in your smile. They can allow you to chew and enjoy food with ease and comfort. In certain cases, with the aid of dental implants, you may gain a more youthful appearance. Your speech may be clearer than with less stable removable dentures. In fact, you may feel that your dental implants are your own natural teeth.

- Dental implants can also:
- Provide extra support for remaining teeth
 - Stabilize removable dentures and eliminate the need for denture adhesives
 - Eliminate many full or partial dentures
 - Stimulate bone growth
 - Strengthen existing bridgework
 - Replace single teeth in selected cases.
