The Thomas Mahoney family, of 22751 Lilac, had what sounds like a fascinating month's vacation. The entire family including besides Mr. and Mrs. Mahoney, son, Tim, daughter, Debby, son, Tom, and their four-year-old, Kathleen. The Philmont Scout Ranch, in New Mexico, welcomed them all. There were entertainment and experiences for each age group, from the four-year-olds to the Scout master.

The youngest were entertained by Disney films and pony rides and looked after by young men and women "babysitters." For the pony rides, there were small saddles to fit.

EACH AGE GROUP had appropriate interests, such as climbs further up the mountain, with camp fire songs and scouting lore for the senior scouts. The younger scouts on another mountain level, were fascinated by a full size camp and enjoyed all the ritual of the senior scouts.

The wives of the scout masters could either rest or enjoy the wonderful places to see in the main camp. There was the Sutton Museum, which had the shelves of books of the famous wildlife writer, including his famous paintings. Each day of

the week was planned for the full enjoyment of each group.

The final two weeks of the Mahoney's vacation were spent at their mobile camp at Killarney, Ont., where with Mrs. Mahoney's mother, Mrs. Louis Chaitrow, they really enjoyed a restful two weeks.

Mr. and Mrs. E.R. Phillips, of 22779 Lilac, were vacationing at the same time. They traveled in eastern Ontario to Niagara Falls, Toronto, Kingston, Montreal and Ottawa, visiting with relatives and friends. They then journeyed to "Point West" on the east coast of Lake Michigan at Holland, for a few days of restful comfort. They then continued on and visited with relatives and friends in Richmond,

Ind., and Greenville, O.

SP/4 GARY L. BROCK, was awarded the Army Commendation Medal for Meritorious Service in Vietnam in ceremonies that took place at Fort Hood, Tex. Gary has been stationed at Fort Hood since his return from Vietnam last March. He is the son of Mrs. Edla Brock, of 22748 Lilac, and will complete his tour of service in the Army in October.

Bees Help Fruit

Besides their honey-making activities, bees are busy pollinating \$50 to \$100 million worth of Michigan fruit, vegetable and seed crops each year, say Michigan State University entomologists.
