

Evening CHIC!

Short, Victorian opulence by none other than formerly pouffy Christian LaCroix. The Oriental brocade pattern combines honey, coffee, berry and pink into a zip-front, high-necked jacket with a short-rounded skirt. \$1,865. Saks Fifth Avenue.

HANDY BURST

Some nights are sassy and flirty, but some are easier, more relaxed and call for an evening pajama such as this silver silk pant and camisole with silver sequin coat. It's an important look for fall. \$650. Ray & Ida, Applegate Square, Southfield.
