FROM THIS ANGLE, IT DOESN'T LOOK LIKE A VOLVO.

When most people think of Volvos, they think of our legendary quality, safety, and durability. And most likely, a price tag to match. But the fact is, the Volvo 240 DL is surprisingly affordable. Despite its classic design, its comfortable interior, and its even more comforting safety features. It just goes to prove, you can't judge a car's value by its sticker price alone. And that's been **VOLVO** our angle all along. A car you can believe in.
