

Check-mate

The American Foundation for the Blind (AFB) offers a custom-made plastic template that helps blind and visually impaired people fill in the necessary information on a check. Each stencil is made to order so that it exactly matches the blanks on a particular style of check. The cost is \$8.50 (plus \$2.50 shipping and handling). To order, send a voided black check with your payment to Consumer Products, American Foundation for the Blind, 15 W. 16th Street, New York, NY 10011. Allow 45 days for delivery.
