

1989 marks 5th anniversary for access TV

This year marks our fifth anniversary for community access television. All this year, we will be saluting those who have been active in our local television channels. It is so important that we hear from you.

Therefore, our MetroVision staff will be taking pictures as you are in production at the studio. Remote crews, be sure to remind us that you need to have your picture taken also. Our second project is to invite everyone to our media center at our new SWOCC offices. Our offices enable us to have a minisudio arrangement. We have shot programs such as Farmington Focus, Senior Messenger, Election Coverage at this location.

We will have a camera set up so that you can tell us your thoughts on Channel 12: how are you involved, promote your show, why you chose to participate in television and radio, your suggestions for future planning etc. Call me at 473-7266 so that I will be available to chat and videotape your segment. Remember our studio is at MetroVision and our media center is at SWOCC offices in the Muir-
