Drug abuse funds available

Agencies interested in financial assistance to deal with preventing substance abuse should contact the Community Planning and Problem Solving Committee of the United Way of Oakland County.

The United Way has information on 35 grants, averaging \$200,000, available through the Office of Substance Abuse Prevention of the U.S. Public Health Service.

Grants are for programs that prevent substance abuse, or treat or rehabilitate those already addicted.

Priority will be given to programs aimed at primary prevention and early intervention with minority youth.

Agencies interested in applying for grants should contact Michael Martinez, planning director, at 456-8805. The application deadline is Nov. 15.

The Community Planning and Problem Solving Committee is designed to act as a catalyst in helping the community identify and deal with community problems.
