

# Creative sets can enhance cable productions

The Michigan Chapter of the National Federation of Local Cable Programmers will host its fall meeting Saturday, Nov. 18, at the Studio Center, Studio B of Grace and Wild Studios.

The schedule for the day will include a morning session with Gary Papierski of Artistic Studios. He will demonstrate how to enhance your television productions through creative set design. A snack lunch will be provided. There will be a \$5 charge.

During lunch, participants will listen to Dirk Koning, chapter chairman, who will review the political state of community access television. A tour of the Grace and Wild facilities will be between 1 and 2 p.m.

For reservations, call 473-7266. CONGRATULATIONS TO THE en-

the crew and talent and visiting guests on Election Night Live. MetroVision's engineering department must be commended for its hard work to ensure that the signal was up to snuff for viewing.

It must be appreciated how difficult technically it is to achieve technical quality on lines returning to the cable headend, which are used

only for special projects. Therefore, our staff will be looking at some uses for more regular exercising of this technical option. It will also be another community service for you, the local viewing audience.

Many people watched our election coverage as it was an exclusive. We even received complaints; they wanted us to stay on longer.

Although this was not possible this year, we were able to provide final election results from Farmington, Novi and Farmington Hills on our Government Channel 18 the following morning.

We hoped that this service would reinforce our programming. Thank you for watching.

## Please Help A Neighbor's Child In Need!

In Third World countries, hundreds of thousands of children are in desperate need of food, clothing, medical care, the basics of life. These girls and boys are even denied the opportunity to attend school. They are our neighbors in a world that grows smaller every day.

Through CCE, you can sponsor a neighbor's child. The cost is \$18 a month — just 6¢ a day — to help a poor child in Asia, Africa or Latin America — a child who has virtually nothing.

Please pick up your phone now and dial the toll-free number below. Be a good neighbor by helping an innocent child.
