MT. Brighton Ski Area will provide you with a complete rental outfit including skis, boots, bindings, and poles. Should boots not fit or equipment need adjusting you will be able to have it taken care of immediately because the equipment was rented from the ski area.

You will be placed in a group begin new class under direction of a professional ski instructor. The first lesson is designed to teach you the basics of putting on your equipment, how to move safely and comfortably on the slopes, and the basics of maneuvering on skis.

Your lesson will take place on beginner slopes using the beginner lift only. If you are very athletic or a fast learner it should take you about 10 minutes to pull on your equipment, how to move safely and comfortably on the slopes, and the basics of maneuvering on skis.

WE MAKE THE SNOW IF NATURE DOESN'T

Please arrive at the ski area one hour before you begin your lesson. This will give you time to familiarize yourself with the location of the ski school and be outfitted with rental equipment. Upon arrival at the ski area it is important that you immediately report to the ski desk located inside the base lodge. The person manning the ski school information desk will then direct you to the appropriate place.

For 16 you will be provided with rental equipment (skis, boots, bindings, poles), a professional class for beginners and access to the beginner slopes and lifts for a 2 hour ski experience.
