

## on the agenda

Below are highlights from agendas of government meetings this week. All meetings, unless otherwise noted, are open to the public.

Farmington Hills City Council  
city council chamber  
31555 11 Mile  
7:30 p.m. Monday, Dec. 18

Public hearings:

• Consider introducing zoning request on the north side of Grand River, west of Drake, RC-2, multiple-family residential district, and P-1, parking districts, to B-2, community business district. Proponent-owner, Harold Bezno, Beratak Land Co.

• Consider introducing zoning request on the west side of Middlebelt, between Grand River and Belfast.

Part of Lot 1 of Brookside Park sub-

division, BS-1, office service district, to B-2, general business district. Pro-

ponent, David Owner, Da-

vid L. Fordon.

• Consider introducing zoning re-

quest at 31215 14 Mile, south of 14

Mile, between Orchard Lake Road

and Northwestern Highway, OS-1,

office service district, and B-3, gen-

eral business district, to B-2, com-

munity business district. Propon-

ent, William Sherr and Andrew Shaw.

Owner: Ann S. Welser, F. Geoffrey

Welsher Jr., Elizabeth Welsher Tem-

rowski, Ruth Ann Welsher Mumaw.

New business:

• Consider proposed amendment to

consent agreement for Sinacola

Woods Plat 3, Sec. 23.

- Consider setting date of Jan. 20 for a special goals and issues city council study session.
- Consider setting date for a joint city council-parks and recreation commission meeting of Jan. 29.
- Consider regular reports:
- Consider reporting city manager to enter into property acquisition discussions with MDOT for property along I-696 between Farmington Road and Drake.
- Consider a resolution approving a budget transfer to accommodate publication of Year 2000 final report.

Consent agenda:

- Recommends award of bid to buy an all-terrain vehicle for the Department of Special Services to Sibley for an amount of \$4,162.
- Recommends award of bid to buy vehicles for the Department of Public Services to Red Holman Pontiac/GMC for one pickup truck and one suburban for \$32,441.

- Recommends award of bid for utility construction and associated improvements for Fire Station 1 at Drake and Nine Mile to Atina Construction and Harry Fox Inc. in the amount of \$172,150.

Farmington City Council  
City council chambers  
23600 Liberty  
8 p.m. Monday, Dec. 18

- Three sign variance requests top tonight's agenda:
- Pinewoods Condominiums.
- Lisa Griffin, Village Commons

shopping center.  
• Russel Buyers, 32721 Grand River.

Also on the agenda is a proposed amendment to the Cable Commission Policy of 1984, proposed change for the Jan. 2 council meeting and approval for the new mayor to sign city bank documents.

Farmington Board of Education  
Lewis Schultman Adm. Center  
23500 Shilawsee  
7 p.m. — special meeting  
7:30 p.m. — building/site committee  
8 p.m. — regular meeting  
Tuesday, Dec. 19

During the special meeting, board members will meet the proposed candidate for open high school principal position, a replacement for Don Cowan who is moving to central office. The candidate is expected to be appointed during the board's regular meeting.

The building and site committee is meeting to get an update on the construction of the new elementary school and other construction projects in the district.

During the regular meeting, the board will:

- hear a report on districtwide testing, including recent results of the Michigan Education Assessment Program, Iowa Test of Basic Skills and ACT/SAT scores.
- appoint a new high school principal.
- buy bus bodies.
- hear discussion on proposals for elementary boundary changes.

neck as an ailment suffered primarily by children and as a relative of "computer neck," distress suffered by adults. The problem can be serious. It involves the back and neck muscles and spinal vertebrae.

The problem comes from lying on the floor on the stomach or side with an arm under the chin or head, Ducharme said.

"It puts an abnormal amount of pressure on the structure of the body, particularly the cervical (neck) area. Abnormal viewing positions over extended periods of time tend to cramp vertebrae, which puts

pressure on the discs that cushion the spine."

The result can be pinched nerves that may cause pain or affect various functions of the body.

The problem and the pain can be relieved by playing Nintendo in a chair, Ducharme said.

"Much criticism has been made

about what children watch on television and whether it is harmful to their minds. But not enough has been said about how they watch television and if it is harmful to their bodies."

The MCS is the state's largest chiropractic organization with more than 700 members.

"The problem and the pain can be relieved by playing Nintendo in a chair, Ducharme said.

The problem comes from lying on the floor on the stomach or side with an arm under the chin or head, Ducharme said.
