Bathtub facelift

Continued from Page 11:

involves applying a thin layer of epoxy paint over the porcelain. In a short amount of time, everyday use of water and cleansers will damage the surface like sandpaper would. Although this process is less expensive than a bathtub liner, it only lasts one to three years before the tub needs to be repaired again. Bathtub liners are a permanent solution to the problem where reglazing is only temporary.

Now homeowners can update the

look of their bathtub for as little as \$500 installed, where a completely new tub can cost anywhere from \$1,200 to \$3,500 plus the cost of removing the old tub. In addition, the product is guaranteed for five years, Oslund said.

The liners come completely installed with a new drain and overflow for each tub. And, what's best, is that the liners can be completely installed in less than three hours.

For more information regarding the liners, call 853-0777.

NOT JUST A BETTER FIT • A BETTER WINDOW

Marvin Windows are made to order with over 8000 standard sizes and a virtually unlimited number of custom shapes and sizes. Tell us what you're looking for in a window, from its size and shape to its energy features to its exterior finish. We'll build it for you, using the very finest materials available.

BEAUTIFUL WOOD. BEAUTIFULLY PUT TOGETHER.

And all exterior wood is treated in a preservative solution to guard against rot and decay. Our complete line of clad wood windows feature tough, attractive exterior cladding.

On the outside, the maintenance-free cladding forms a protective barrier against the elements. On the inside, you get the warm beauty of wood. Marvin's aluminum cladding is available in four colors for design flexibility.
