What is a REALTOR?

The terms REALTOR®, REALTORS®, and REALTOR-ASSOCIATE® and the accompanying block "R" symbol are registered collective membership marks that identify and may only be used by real estate professionals who are members of the National Association of Realtors®. Membership in the National Association, and the consequent privilege to use one or more of these marks, is available only to real estate professionals who are willing to be bound by the National Association's strict Code of Ethics. That Code of Ethics was designed to protect sellers as well as buyers and to encourage cooperation among real estate professionals in bringing buyers and sellers together.

By selecting a broker who is a REALTOR®, buyers and sellers avail themselves of helpful mortgage and market information.

The National Association of Realtors® is comprised of more than 625,000 concerned real estate professionals, active in civic affairs in their communities throughout the nation. They also monitor and assist in the legislative process, and represent the interests of property owners in the fight to preserve private property rights. REALTORS® are not just members of the National Association; they are valuable contributors to your community.
