FOOD LOVER'S DIET
To introduce a new approach to dieting, free diet pills were given to 50 people. With The Omicron Diet, one man lost 14 pounds in 5 days and one woman lost 18 pounds in 10 days. The average weight loss was over a pound a day for women and over 2 pounds a day for men. The Omicron Diet is a revolutionary new concept for unbelievably fast weight loss developed and clinically proven by National Dietary Research of Washington, D.C. This significant breakthrough in metabolic weight control was made possible by the utilization of biological information overlooked by other diet programs. With a formulation of natural enzymes along with real food, you shed unwanted pounds extremely rapidly and safely. Maintain your new weight forever without dieting!!!!
With the special enzyme formula Metabolase, it is now possible to reduce your usual weight by up to 10% or to maintain the weight loss after dieting, without changing your normal lifestyle or eating habits. Available through physicians since 1982, the enzyme formula is now available in pharmacies without a prescription. Start enjoying the foods you love to eat without fear of gaining weight.
