FREEDOM
is more than the flag.
It's a basic principle in every American life.
One of our most basic freedoms is freedom of the press. Americans are guaranteed access to all the news—the good right along with the bad. We here at The Observer & Eccentric Newspapers guard this precious freedom with every edition we publish. We watch and report the actions and decisions of your government—from the county commissions and city councils to township supervisors and schoolboards. If it affects your home, your family, your life, we make every effort to be there—for you.
Our pledge to protect your right to know:
