Best Wishes On New Plant

EDITOR: Congratulations and best wishes on your fine new venture of a thoroughly modern newspaper plant which, I am sure, was conceived with the idea in mind of advancing the best interests for each community it serves.

Corcoran, of the Livonia Police Dept., handled the call. They were efficient, courteous and helpful, even driving me to my job. My thanks to the city's finest.

GRATEFUL

EDITOR:

EDITOR:

Il have read with great interest about the \$3,000 donation he owner of Skipper's Table made to the owner of the Mai Kai Theater. The stated purpose was to provide five months of family type movies at this theater. Indeed, such a big sum is a personal tribute to Mr. DeLuca for his interest for the people of this community.

iribute to Mr. DeLuca for his interest for the people of this community.

But what I can't understand is why it takes money to persuade a theater owner to give our community this type of entertainment. Why does he need \$9,000 to give us family type movies? Or is he so concerned for showing decent movies that he's not even charging admission and therefore deserves compensation for his scartface. The community of the community of

Fire Fighters Are Praised

EDITOR:
Recently when I became ill and passed out in my home, my son called the Westland Fire Dept, rescue squad. Because of the speed and efficient manner in which this call was answered, my life was saved:
L want to think my triends.

call was answered, my life was saved. I want to think my triends and neighbors who were so belpful and considerate, and I would like to express my own as well as my family's sollert, efficient and courtous Westland Fire Dept., especially to LJ Joseph F. Benyo and Fire Fighters Ron Dillingham and Thomas Bennett, and to Chief Ralph Savini. These men went beyond the call of duty in their concern for my welfare.

tributed and it encouraged many of that group level.

CONCERNED Garden City

Rips Kurtsell Industry Plan

EDITOR:

I have just read of Councilman Glen Kurtsell's proposal to the Garden City City Council. As a property owner in Garden City, to say that I am appalled and aghast at his proposal is an extremely mild statement.

(EDITOR'S NOTE-Councilman Kurtsell proposed that the city form an economic development commission to promote development) of property in the city's industrial park.)

Couldn't the Garden City Board of Education at least present them with a small written document or certifi-cate if a miniature dictionary isn't possible? Last year many dictionaries were dis-tributed and its accessed There are a number of factors Mr. Kurtsell has failed to take into consideration, and I would suggest to him and any one else approving of his proposal to consider all facets of this situation well before giving full approval. Don't disappoint our stu-dents but praise them for their efforts and I'm sure we'll get better results.

Why Pay To Use Dump?

EDITOR:
The City of Livonia is well known for its stand on pollution, for example, the Rouge River clean up sponsored by the Livonia Jaycees. This is all very commendable.

My question is, if Livonia is so concerned about pollution, why then must the citizens pay to use the dump?

It seems to me that it would be a lot easier to dump it in an open field than pay to have it gotten rid of at the proper facility. Also you wouldn't have to have the inconvenience of transporation to and from the dump, only the inconvenience of baving garbage. laying around.

2-The location and lack of easy access. roads are the principal reasons for the failure of this industrial park. We only have Ford Road fronting as a main through way. The traffic is simply too heavy and fast. Venoy Road cannot even be coisidered due to its condition at times. Also I hope you will under-stand that even though others things have been done about pollution, this might be a suggestion for lifting the prices on garbage and creat-ing a positive attitude among the citizens towards pollution

DEBBIE WALKER

(EDITOR'S NOTE: Garbaga-collection, like other city serv-ices, costs money and some-body must pay for it. Residents now pay charges for residential collection, which are billed with water and sewer charges. Residents pay the way of the city dump by their user lead city dump by their user leading trash as 4-Our city tax rate of \$16 per \$1,000 of assessed valuation is not conducive to industry entering Garden City. Nearby communities on two or three main roads have a tax rate of at least \$3 per \$1,000 less, making them more attractive to industry. 5-Selling price of land. I do 5-Selling price of land. I do not know or care what these sites are selling for. I do know the Campbell Develop-ment Co. is a profit-making organization. It has the abil-ity and know-how.
