STEP ON IT.

The Fun Is Back In Aerobics.

This year, over 3,000 health clubs added The Step. Why? Because people are literally waiting in line for the low impact, high intensity workout that's fun. The results are something to smile about too: Hearts are pumping stronger, lungs are breathing deeper, and fat is burning faster. From out-of-shape beginners to well-conditioned athletes, it's the right step.

Free Step Training Video.

Fully adjustable, The Step is a shock-absorbing, non-skid platform that uses just 43x16 inches of floor space. This is the same unit used in health clubs nationwide. Don't be fooled by imitations. We've reduced the price, plus included a free 30-minute music workout video. The next step is up to you.
