

Student Government Day event to be aired

Student Government Day is sponsored by local Rotary Clubs. On April 30 students will have an opportunity in the City of Farmington to experience first-hand how our city works.

Each student shares the day with a government counterpart. Rotarians, officials and government instructors from Farmington School District, council and department heads gather at lunch. The afternoon will find the students prepared to host a mock council meeting.

Students who spend the day with the Cable Commission staff will actually help video tape the council meeting. Students and their families will be able to view the mock council meeting on Channel 12 at a later date.

Friday, May 3

Request your favorite community access program to be cablecast on Friday between 3 p.m. and 9 p.m. Call MetroVision at 553-7303.

Get plantings in soon for awards contention

Judging for the annual Farmington Hills Beautification Commission awards will begin after mid-May. That means non-residential facilities should get their plantings in.

The commissioners want the community to think about putting their annuals (flowers) in for judging.

said Esther Frank, Farmington Hills public relations specialist. Single-family houses are not included in the annual awards programs. But subdivision entrances are, as well as offices, schools, places of worship, industrial facilities and apartment complexes.

Monthly Allergy Tip
Your nose knows when spring has sprung!

As soon as spring comes around, so do the seasons of stuffy and runny noses, sneezing and wheezing, itchy and watery eyes. These difficulties may be caused by allergies to pollen, dust, mold spores, and mold spores.

You can put a stop to your discomfort this year. See us. We take the time to listen and explain. Medications are available for you which can help without making you drowsy.

It's hard to learn anything on Monday when you didn't eat anything on Sunday

Have you ever felt millions of hungry people in the United States. You can help us. We're The Salvation Army

God cares... and so do we!

THIS WINTER, THOUSANDS OF CHILDREN WILL BE STRICKEN WITH DIABETES. THE REAL TRAGEDY BEGINS WHEN THEY'RE TREATED FOR THE FLU.

During flu season thousands of children are stricken with insulin-dependent diabetes. These children are usually between the ages of 5 and 10.

Unfortunately, many parents and emergency-room personnel often confuse the warning signs of diabetes with the flu. In some cases, urinary tract infection.

The major warning signs for diabetes to watch out for are: frequent urination, excessive thirst, extreme hunger, dramatic weight loss, nausea and vomiting. As well as irritability, weakness and fatigue. Generally, these symptoms appear over a three- or four-week period, but don't appear as suddenly as flu symptoms.

If the child is not treated immediately, his or her blood sugar can go out of control leading to what is called diabetic ketoacidosis. Which in turn can lead to diabetic coma. The warning signs for diabetic ketoacidosis include: excessive urination, great thirst, stomach pain, nausea and vomiting, dehydration which can lead to dry lips and sunken eyes, rapid breathing, followed by sleepiness.

So this winter, do something to really protect your child during flu season. Learn the symptoms of diabetes.

A message from the **American Diabetes Association**
