Ask your Cadillac Gold Key Dealer for a no-cost personalized SmartLease analysis. SmartLease offers you several distinct, money-saving advantages.

No Down Payment

Your initial outlay of cash is lower with SmartLease than when you finance the purchase of a new Cadillac. With SmartLease, you can make no down payment and still save.

Lower Monthly Payments

Because you "pay as you go" with SmartLease, you make payments on a smaller portion of the car. So your monthly payments are smaller, too.

Do More With Your Money

SmartLease ties up less cash, leaving its control in your hands. Save it, invest it, enjoy it — the choice is yours!

The Chance To Move Up

If you've been driving less luxurious full-size cars in the past, SmartLease affords you the opportunity to make the move you deserve. . . . the move up to Cadillac, complete with a no-deductible, Gold Key Bumper to Bumper warranty.**
