DO IT NOW

Your car has had a tough winter! With all the snow and ice it has had to travel on, and all the chuck holes it bounced over, no wonder it's shaking! Save your tires, a hint and out of alignment or wheels out of balance can cause tire wear. Don't wait 'til it's too late!

100 mph Is that your speed?

BMW's are built for Germany's no-speed-limit autobahns. The four will cruise all day at 100 mph. The six will do the same at 120 mph. If that kind of durability is your speed, see us for the free booklet, "33 Reasons Why BMW is Better." Or ask for the key. You'll get the message.
