Beat-The-Heat SUMMER SPA SALE

SLIP INTO A HOT SPRING SPA...AND BEAT THE HEAT

You may wonder why anyone would purchase a hot tub during the sweltering summer. Well, just ask one of the experts pictured above. After a lot of debating on whether to get a pool or a spa, they decided a Hot Spring Spa would give them the most use. As the fellow in the middle explains, "We figured we could turn down the heat and use the spa like a pool to cool off, only it even has moving jets and other neat stuff." And from the gentleman on the right, "Yeah, and we can still use it outdoors in the winter cause Hot Springs costs less to use than other spas, even when the snow is really blasting." And Mom and Dad like using it when it's cooler at night, "this from the left, 'cause it helps them

unwind after work." Okay, but why Hot Springs? "Well, they have the best warranty, five years even on the pumps and other stuff, and Dad said that was real important," from the right, "And don't forget," from the middle again, "it was real easy to set up." "Yeah," from the left, "all we did was fill it with the garden hose and plug it in." And from all three,

"Make sure you get one during their sale, cause you save lots of money. Buying things on sale makes mom and dad real happy!"

So there are your reasons. From some real experts. Summer or Winter... Hot Springs Spas.
